

ETHICS SUBROUTINE (HINT PAGE)

ROBOPEDIA

The robots below are listed in a completely random order. This is a clue, not another puzzle.

 Very large gestalt of five lions. Saves galaxy on a regular basis.	 Recognized as the leader of Robot Hell	 Seems to obey the "Three Laws of Robotics"	 Massive dinosaur shaped robot. Destroys Tokyo.	 Runs a vacuum cleaner for her family
 Generally known as a protector. Many types have been found.	 Does not use contractions. Wants to be more human.	 Made to destroy amphibian ninjas	 Tries to help. Must be wound up by hand.	 Can be made with bluetooth headset.
 Only robot on list who turns into a truck.	 He ignores his programming, kills astronauts.	 Amazing robot made by obese child	 Dislikes the doctor. Likes plungers.	 Even Detroit deserves better than this.
 Takes girl from Kansas to see wizard	 Barely prevented from changing time by the Enterprise.	 Todd, to fans of JoCo	 Entirely possible she saved the last plant on earth.	 Made kids ragequit in the 80s.
 Bends metal. Wants to kill all humans.	 More than just an oversized gun.	 Gets a kick out of making Chell incinerate cubes	 Can speak the language of moisture vaperators.	 I know it's a suit of arc-powered armor.
