

TEXT COMPRESSION

by Sean G.

Too much input! Please help me compress some data in order to make more space in my memory banks.

Fill in the nodes so that each phrase can be made by tracing a path.
 A letter can only appear ONCE in a graph.
 You CAN retrace your path.
 You CAN stay on a node to repeat a letter.
 The starting letters have been placed for you.

Example:

THIS IS THE BEGINNING

I YAM WHAT I YAM AND
 THAT'S ALL WHAT I YAM

HOW MUCH
 WOOD WOULD
 A WOODCHUCK
 CHUCK IF
 A WOODCHUCK
 COULD CHUCK
 WOOD?

SHE SELLS SEASHELLS
 BY THE SEASHORE

WHEREVER YOU GO,
 THERE YOU ARE

*Who said
 this?*
