

HOW TO WRECK A NICE PEACH

by Corby A.

Help me, human! I have been working on my voice recognition subroutines, but I am having some trouble. The audio training clips are coming out as gibberish! The <REDACTED> transcriptions below my attempts do not make sense either. Is there any danger here I need to worry about?

enter lend off double lined dew wan I'd many skiing

arrows buy a knee otter numb woods mall is wheat

have reek loud ashy sill fur linen

tea pad twerk manual weighs belay miss hiss tolls

eve nab rook ink lock keys ride 'twas aid hay

tout he stab big inning naughty yenta off whiz dumb

talon guest churn knee beacon swath bud hazing gals tap

debase sing sin laugh far furry
